Make oral health an important part of the overall good health Horizon BCBSNJ integrates medical and dental history to provide comprehensive solutions to customers' health needs. Routine dental visits can do more than keep a member's teeth clean. They can also provide early detection of serious health risks such as diabetes. Recent studies show that periodontal disease is one of the complications caused by diabetes. A third of people with diabetes have severe periodontal disease, which can make it harder to control blood sugar levels. Learn more about dental health.
